

MEMBERSHIP ASSISTANCE PROGRAM (MAP) APPLICATION

RWC-340B understands that some Ryan White clinics may not be able to afford the Coalition's monthly membership dues. As federal grantees and sub-grantees, Ryan White clinics are precluded from using their grant funding and/or program income, including 340B-related revenue, to pay for lobbying activities. RWC-340B is therefore pleased to offer financial assistance to qualifying clinics through the MAP program. As a result of generous donations by RWC-340B sponsors, the MAP program can offer unrestricted funds to qualifying clinics that wish to join the Coalition and need help with paying their membership dues.

If your clinic would like to be a member of RWC-340B and needs financial assistance to pay the dues, please complete the information requested below and attach your organization's mission statement. Please explain why your organization needs assistance from MAP.
